October Brings 11.52

1.25-Inch Rain Falls Here In Three Days

November picked up where October left off this week as light rains fell Sunday through Tuesday, marking up 1.25 inches of precipitation at presstime.

October rains totaled 11.52 inches, according to official weather data at the Cameron Water Department.

Farmers were still waiting for the ground to dry before this week's showers came, County Agent J. D. Moore reported this week.

Rain Totals 50 Inches

Total rainfall for the year this week passed the 50-inch mark, well beyond the yearly average of about 35 inches in Central Texas.

Rainfall this week was: Sunday .90 inch; Monday .20 inch; and Tuesday .15 inch.

The weather forecast was cloudy and possible continued showers today and the week-end.

Moore said that an undetermined total of cotton scrapping still remained in Milam County fields. No total on overflowed cotton was available though he estimated last week that about 3,000 bales were hit by recent rains.

Some late maize also remained in the fields, he said.

Pecan Crop Boosted

But the rains helped the county pecan crop, he pointed out. The heavy moisture has helped fill out the pecan crop now being harvested.

Rains this week were steady and did not overflow into yards and streets as heavy earlier rains in October.

Weather experts predict that Central Texas may receive as much as 60 inches of rain before the end of the year.

Flu Closes Sharp Schools As Total Cases Reach 53

Flu struck Sharp School last week as classes were stopped October 29 and reopened there Monday.

County health officials reported about 50 cases of flu last week in Cameron and 53 cases in Sharp.

Officials said no other county schools had been closed.

Attendance at schools in Cameron and other county towns has been cut by the flu bug.

Doctors reported that immunizations have been going strong for the past two weeks. They said that few people have taken the anti-Asian flu shots.

Officials had received notice of two more cases in Cameron since their report Saturday.

Relatives Attend Funeral

Among the relatives and friends in Cameron Tuesday for Mrs. A.J. Matochas funeral service were: Mr. and Mrs. H. S. Schieffer, Waco, Rev. and Mrs. Frank Newton, Bellaire, Albert Mondrik, Bryan, Louis Mondrik, San Antonio, and Mrs. Helen Marak and child from Velasco.

Weather Notes

The weatherman forecasts cloudy skies and possible showers today and the week-end. A total of 1.25 inches of rain fell the first three days of the week in Milam County.

Temperatures ranged from 90 to 54 during the past seven days, according to official temperature readings.

14 Men Register During October At Milam Board

Fourteen men reported for registration during October.

They are: John David Thompson, Ruben Lee, Lee Baxter Davis, Frank Kimsey Hyder, Jr., Gerardo Tovar, Angel Paniagua, Rosendo Mendoza, James Homer Banks, Edgar Lee Henry, Ernest Warren Rinn, Johnny George Jedlicka, Ernest Drew Rogers, Lee Roy Pratt, Tenner Edward Stork, and Clifton Doyle Campbell.

The local board has resumed mailing of questionnaires and subsequently will resume classification of young registrants.

The board mailed questionnaires last week to young registrants born in June, 1937, and will continue, possibly until 18½ year old men have been reached. This action was taken upon recommendation of State Headquarters.

Registrants who report changes of address do not change their board of jurisdiction.

A registrant may move to Houston, but thinking that his file will be moved to Houston if he reports his change of mailing address, as required by law, neglects to notiby the board.

A young man moving away from Cameron or Milam County must report his change of address. The change will simply be noted on his file, but his file will remain in Milam County.

The board has received a call for December induction of one man. One man will be inducted from Milam County during November.

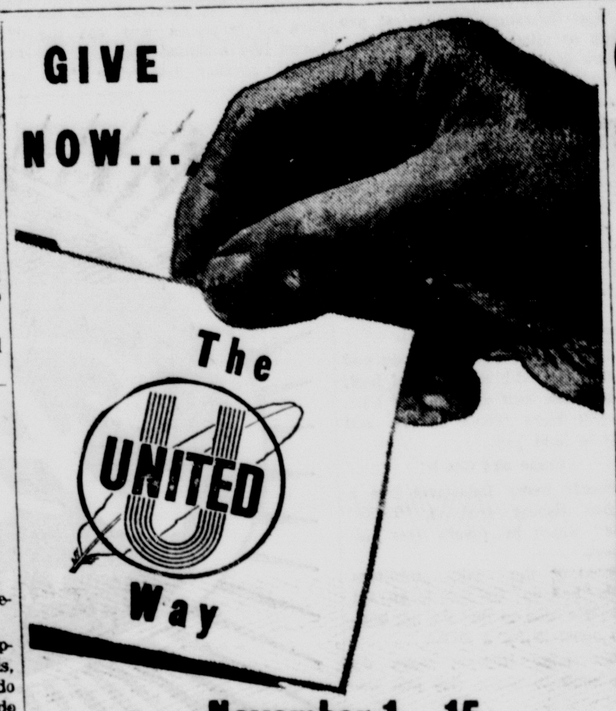
Kiwanis Planning Pancake Supper

The Cameron Kiwanis Club is planning an annual Pancake Supper from 6-8 p.m. Friday at Simon-George Hall.

President Ed Laywell said tickets can be obtained from any Kiwanis Club member. Tickets cost 50 cents each.

Kiwanis is expecting about 400 to attend the annual pancake meal. Last year about 250 attended, Laywell said.

He said milk is being donated by Oak Farms and flour by Pioneer.



November 1 – 15

North United Fund Starts 2nd Week

North Milam United Fund workers were looking for clearer skies today to get their drive for $11,300 going strong.

The drive, which started Friday in Cameron and 14 other North Milam County communities, is the second annual move for united contributions to seven service organizations.

Bob Nelson, fund raising chairman, said that workers will be out in full force this week-end to put the drive over.

Drayton McLane is chairman of the Cameron drive and Leon Brady is chairman of the drive in Buckholts.

Community chairman and workers have been appointed in all 15 North Milam communities for the drive.

Leaders Appointed

Organizations that will receive funds through the drive are: Boy Scouts, Girl Scouts, Salvation Army, Heart Fund, Red Cross, library fund and various local charities.

Nelson said the motto of the 1957 United Fund drive is "Give a day's pay."

Nelson pointed out that the 1957 drive goal is $2,300 less than the first drive in 1956. The goal was established after screening by a committee considering needs of the various participating agencies.

Donate Two Ways

Contributors can give their donations to workers when they call or pledge their contributions and pay them out in installments. Nelson said.

Contributions will be divided proportionately among the seven agencies.

Dozens of workers will be calling at homes and businesses during the drive which ends November 15.

Buckholts Students Elect 2 Sophomores Band, Team Queens

Jeanette Fuchs, daughter of Mr. and Mrs. Johnny Fuchs, Buckholts, Thursday night was crowned sweetheart of the Buckholts Band and Carolyn Mekush was crowned sweetheart of the football team.

Crowning of the two Buckholts High School sophomores came at the half of the Sharp-Buckholts football game.

Runner-up for band sweetheart was Mary Svetlik, daughter of Mr. and Mrs. Steve Svetlik.

Miss Fuchs was escorted by James Edward Glaser to the center of a heart formed by the Buckholts pep squad and band. She was presented an arm bouquet of flowers by Glaser and was crowned by Nathan Fritz.

Miss Mekush's escorts were Leland Weido and Lamar Gresak.

Dinner To Honor Scout Leaders Here

An annual appreciation dinner will honor Tejas District adult workers in Scouting 7:30 p.m. Thursday, November 21 at Simon-George Hall, Cameron.

Richard Williams, chairman of the dinner arrangements committee, said about 100 workers and guests from Rockdale, Cameron, Milano, Buckholts, Gause, Maysfield and surrounding district towns are expected to attend.

Speaker for the program will be Alton Bowen, superintendent of schools, Mexia, Williams said.

Hyder To Preside

Frank Hyder, Rockdale, committee chairman of the Tejas Scout District, will be toastmaster, he continued.

Other highlights of the meeting following the dinner will be the election of a new committee chairman for the coming year and presentation of awards for service to Scouting.

Institutional representatives from four Scouting group sponsors will attend from Cameron, Williams said.

The four groups sponsoring Scout units here are: the First Presbyterian Church, sponsors of Cub Pack 86 and Explorer Post 86; St. Monica's Catholic Church, Explorer Post 55 and Scout Troop 52; Kiwanis Club, Scout Troop 83; and Lions Club, Cub Pack 213.

2-County Area

The Tejas District of the Heart O' Texas Scouting area includes Milam and Falls County. Burks Kennedy, Cameron is district scout executive.

Officials expect about 100 adult workers and guests. About 125 adults are working in various capacities in the Tejas area.

City Issues Bid Calls This Week For Sewer Bonds, Construction

State Marks $10,075 Fund For FM Rd 2347

The Texas Highway Department will spend $10,075.00 for improvements on farm-to-market roads in Milam County during 1958, C. B. Thames, District Engineer at Bryan, has announced.

It will be in addition to the regular construction and maintenance program.

The State Highway Commission, at its October meeting, approved an appropriation of $10,075.00 to improve the already existing farm-to-market road in the county.

A total of 20 million was allotted to 183 Texas counties for farm road improvement in 1958. The 20 million will be spent for shoulder widening, seal coat jobs, additional surfacing, and for widening of structures and roads.

This project in Milam County will be under the supervision of the local highway distrcit personnel.

"We should have this program moving by spring," District Engineer, C. B. Thames said. "We believe the money spent in this county will go a long way toward bringing this road up to date."

Funds allotted for Milam County will be spent on the following project: FM 2347, From US 190 North, 3.6 miles of additional surface.

Countians Await New Trades Day

Trades Day gets underway again today at 3:30 p.m., Chamber President Henry Siebman said today.

Top prize will be $150 at 4:30 p.m., he pointed out.

The Trades Treasure Chest opens four times each Thursday afternoon for free prizes of $10, $15, $25, and $50.

No one has won the big 4:30 prize for the past two weeks, boosting it to $150 today.

Milam Voters Favor 3 State Amendments

Milam County voters approved all three state amendments Tuesday in a light vote at 39 boxes.

Seven boxes were still uncounted at presstime, but officials said the votes could not influence outcome of the vote.

A total of 879 voted in 32 boxes with the heaviest vote going for Amendment 3, approval of a $200 million loan fund to aid local districts in flood control and water conservation.

Both Amendments 1 and 2 carried heavily.

In Amendment 1 voting, a total of 556 voted for and 292 against broadened retirement benefits for state officials and employees.

Amendment 2 carried 743 to 118 for increasing old-age pensions $2 a month.

A similar light vote that favored all three amendments developed throughout Texas.

Officials said weather and lack of interest in the three issues caused the light vote.

County officials said that about 4,000 eligible voters are in Milam County.

Yoemen Drills Light After Killeen Game

Cameron football players were taking light drills this week in preparation for University High of Waco November 15 there, Coach Leo Jackson said today.

The Yoemen have an open date tomorrow night.

Jackson said the entire Yoe team was back in school after absences due to flu or injuries kept some players out for the past three weeks.

He said no new injuries occurred Friday night in the Killeen game that was won by the Kangaroos, 26-6.

Cameron will meet the Waco University High gridders at Waco November 18. Cameron's two losses all but eliminate the Yoemen from 9-AAA grid contention unless all five teams come up with identical 2-2 records.

In the Killeen game, Cameron had three players sidelined by flu and one by injuries. Several other Yoemen saw limited service due to injuries.

The Yoemen took Monday off, then held a light practice Tuesday, Jackson said.

He said heavier practices were due this week and next if weather permits.

Killeen was rated No. 15 in the state after upsetting the Cameron squad Friday night there. Waco University stood at No. 14 in the ratings.

The Cameron gridders enjoyed a barbecue dinner Monday night with the Cameron Quarterback Club at Ada Henderson Cafeteria.

About 40 Quarterback members and 45 squad members attended the dinner.

Milam Woman Kills Rattler In Yard

It's not too wet for rattlesnakes.

At least Mrs. J. D Turney, of seven miles east of Cameron, thinks so.

Mrs. Turney killed a three-foot rattler with a pitchfork one day this week. The reptile had six rattles.

She discovered the rattler in her yard.

Cameron P-TA Meet, Discuss Youth Work

Don Humble, Cameron, will lead a discussion tonight at a meeting of the Cameron Parent-Teachers Association.

Topic of program is "Responsible Parents Must Work in Partnership With Responsible Teachers to Produce Responsible Youth."

Mrs. E. J. Davis, Jr., will give a devotional.

The meeting will observe National Youth Appreciation Week.

November 19 Deadline Set For 1st Series

Bids for $175,000 in sewer bonds and construction of the Cameron sewage treatment plant went out Wednesday following City Council approval for the calls.

Bids for the bonds are to be opened November 19 at City Hall, Secretary Wayne Wieser said Tuesday.

Date for opening bids on the sewage treatment plant is December 3, he said.

The $175,000 issue will be sold on a 25-year basis due serially from 1963 to 1982, officials said.

U. S. Participates

Call for construction bids on the plant went out to meet federal government requirements that the construction be started by January, 1958. The federal government is contributing more than $50,000 for use in the Cameron sewage project.

In other business Tuesday night, councilmen tabled for further study three bids for a new police car.

Bids submitted were by Schiller Motors, Hefley-Stedman Motor Co. and Earle Pearson Chevrolet for a 1958 model with heavy duty equipment.

Bids were based on difference of trade-in value on the 1957 Ford police car. Schiller bid $597, Hefley-Stedman $695 and Pearson submitted $632.45 on the primary bid call. Hefley-Stedman and Pearson submitted alternate bids on lower-priced models.

Wieser read a letter of the state highway department advising the council that funds for the curb and guttering of US 77 through Cameron should be deposited for state use after routes for utility lines are set along the right-of-way.

Black Resigns

Councilmen also accepted the resignation of City Attorney William C. Black who is moving to Dallas November 18. He will be succeeded by Jack Prescott whose appointment was approved Tuesday night.

In final action Wieser explained the city's new machine accounting system.

Also approved was construction plans for a bridge on the pumphouse road to Little River.

Killeen Game Nets Cameron $965.43

Cameron proceeds from the Killeen-Cameron football game Friday night totaled $965.43, according to Supt. Wiley Loughmiller.

He said also that the Killeen Quarterback Club forwarded an additional $63.10 on the sale of programs provided by the Cameron schools.

Firemen Extinguish Garage Fire Here

City firemen October 30 extinguished a second-story garage fire at the James Wiggs residence, 402 N. Central.

Damage was limited to the roof and furniture stored in the attic of the two-level garage, firemen said. No estimate of damage was set on the blaze.

Slight damage occurred to the roof of the Dewey McElwrath home next door.

Cause of the fire was attributed to wiring.

Firemen also answered an alarm at Duncum Motors Thursday night when an unidentified prankster set off a smoke bomb at the auto dealer's building.

No damage resulted, firemen said. Smoke filled the air.

In other recent fire activities, firemen fought a blaze at a vacant home on West Main October 25.

The R. M. Johnson home was considered a total loss following a blaze that razed the six-room house. Faulty wiring was believed the cause.

Fire officials said the smoke bomb set off at Duncum Motors probably was one missing from the National Guard Armory here.

Firemen also answered a call recently to fight a burning truck fire loaded with 75 bales of cotton. An unidentified driver from West Texas called firemen to the burning vehicle west of Buckholts on SH 36.

Firemen surmised the blaze started from a burning cigarette or overheated brakes. All 75 bales of cotton and the truck burned.

The Cameron volunteer firemen drew praise from the Wiggs family for the efficient manner in which the fire was extinguished.

Could Have Happened Here . . .

Bomb Threat Hits Rockdale

An unidetnified bomb prankster may have passed through Cameron this week after a bomb threat by phone in Rockdale Monday and a similar incident Tuesday in Groesbeck.

Rockdale school officials closed four Rockdale public schools Monday after an anonymous man told a school secretary a bomb was set to go off at 1 p.m. Monday in the school.

He did not say which school.

Supt. J. M. Mooreman, Rockdale city school superintendent, turned out about 1,400 Rockdale students following the phone call received by Mrs. Sadie Butts.

Authorities said a similar prank was played Tuesday in Groesbeck by someone believed to be the same person.

Call Comes At 10:15

The call came about 10:15 a.m. Monday, authorities said. By 11:15 Supt. Mooreman had cleared all four buildings of students.

Officials called in a demolition team from Fort Hood, state highway patrol units from five cities and a Texas Ranger investigator from Waco.

Units of the state patrol from Cameron, Rockdale, Elgin, Taylor and Austin raced to the scene.

Rockdale firemen and the demolition team made a quick inspection of the buildings prior to prankster's set-off time of 1 p.m.

Then all buildings were vacated until 1:30 p.m. Prior to 1 p.m., authorities cut all electric power to the schools in the event a bomb was wired to any electrical outlets.

Firemen and volunteers roped off all streets approaching the schools, authorities said, awaiting clearance.

After 1:30 p.m. Ranger John Drummow, Waco, and Police Chief G. E. Allen attempted to trace the anonymous phone call.

Officials said the call did not come from a pay phone, but they were unable to trace the call's source. Investigation is continuing.

Demolition experts gave an all clear notice at 3 p.m., two hours after the bomb was to explode.

The Groesbeck incident followed the same pattern that occurred in Rockdale.

Mrs. Butts, the secretary receiving the call, believed the voice was that of a male adult. He said quickly that a bomb due to explode at 1 p.m. had been planted somewhere in a Rockdale school, then hung up.

Supt. Mooreman told reporters he believed the call was a prank, but he of course could not risk the life of any student by ignoring it.

Students returned to classes Tuesday morning.

Milam Countian Drafted Tuesday For Month Quota

A one-man call for induction for Milam County for October was filled Tuesday when Zeff Morgan, Jr., Milano, was forwarded to the induction station.

One man will be frowarded in November.

Some young men receive early release from active duty because of hardship existing at home, draft board officials say. If the young man has had less than twelve months service, he does not qualify for the IV-A classification.

The fact that he has received a hardship discharge does not qualify him for III-A classification. In order to qualify ofr III-A classification, he must submit evidence to support his claim. Aside from the fact that regulations do not allow III-A classification without evidence in the file, conditions existing at the time of the release may no longer exist at the time the registrant is considered for the III-A classification.

The board requests that registrants and their dependents take these things into consideration and cooperate with the board in its attempt to comply with Selective Service regulations.

When the registrant is reclassified, after his discharge, he is placed in a classification with which he is not pleased, he or his dependents should exercise their appeal rights, officials point out.

Registrants who wish to submit evidence to support a claim for a III-A classification, must bear in mind that such evidence must prove that dependents would suffer extreme hardship in the event of his induction or reinduction.

SUPPORT YOUR HOMETOWN MERCHANTS TRADE IN CAMERON!

Polzer Attending Teachers Program

DENTON—Public schools in 16 cities in this area are represented at North Texas State College's teaching program this semester.

Among those enrolled in the program is Lawrence T. Polzer, son of Mr. and Mrs. S. F. Polzer, Route 1, Cameron. He is teaching industrial arts in Dallas.

Nearly 200 NTSC students are enrolled in the School of Education student teaching program. Most of them are assigned to schools in Denton, Dallas, and Tarrant Counties.

Under the guidance of the classroom teacher, the students assist in planning and carrying out the regular instruction program as part of their work toward earning teaching certificttes.

Jedlicka Completes Cruise In Pacific

SAN DIEGO, Calif., (FHTNC)—Joe R. Jedlicka, machinist's mate third class, USN, son of Mr. and Mrs. John A. Jedlicka, Jr., of Route 1, Box 162, Cameron, returned to San Diego, Calif., Oct. 14, aboard the destroyer USS Ingersoll after a six-month tour of duty in the Pacific and Far East.

During the cruise the Ingersoll's crew visited Pearl Harbor; Suba, Fiji Islands; Melbourne, Australia; Guam; Hong Kong; Kaohsiung, Formosa; the Island of Midway; Yokosuka and Kobe, Japan.

While at Kobe her crew donated money and food to the Kobe Orphanage and held an onboard tour of the ship for the entire orphanage, July 4. The children were entertained with movie cartoons, and ice cream and cake.

Water Universal Problem

One-fourth the U. S. population today is troubled with water shortage, poor water, or both, reports the Soil Conservation Service of the USDA. The potential supply of water remains constant while the need, which is expected to double by 1975, increases with growing population. Industry and irrigation are by far the largest users.

Outdoors In Texas

Outboards Going Streamlined

By Vern Sanford

If you are not one of those fellows who must have the very latest in outboard motors.

If you are one who is satisfied with quality and service, regardless of the date on the motor.

And if you are about due to buy a new "power pack."

Then you can save a sizeable hunk of cash right now.

This is the time to buy a 1957 motor! New, 1958 models are on the market. Prices on '57 models, as on '57 cars, are down. Dealers will shave considerable off 1957 prices to dispose of left-over models.

And too, the 1958 "sleeks" are higher priced.

However, those brand new '58's are beauties! And if you are one of those fellows who demands the very latest, with the smart, new innovations, you'll find the outboard motor boys have learned a lesson from the car manufacturers...same as boat manufacturers did. They've gone streamline!

Nowadays when you speak of a fishing motor you may be talking of anything from a 3 hp to a 35, maybe even larger. Fishing is done today in anything from a 6-foot duck boat, to the big 18-footer, and larger.

Demand for bigger boats for fishing purposes is the result of increased fishing on large bodies of water. Influential in Texas have been such large lakes as Texhoma, Travis, and Buchanan—not to mention the Gulf of Mexico.

With the big boats of course had to come larger motors. However, the choice of most fishermen still is the 3 to 10 hp size, due to their "portable" weights.

Incidentally, this is not a bad time to buy a boat too. There is a lull in boat sales in November and December. An excellent time to trade in the old fishing rig, from stem to stern....if you're interested in saving money. And who isn't?

What About Baits?

Most fisherman wonder, at one time or another, what the other fellow is using as bait.

Well, here's the bait successfully used by 20 different fishermen last week, in landing good strings of fish in various parts of Texas: Six caught good strings on minnows; five on spoons; two on Hellbenders; and two on plugs. The remaining five used a Red and White Pico; Helldiver, Shyster Spinner, Blood Bait, and Chugger.

Good success also was reported by carp fishermen with small hooks baited with oatmeal.

Just goes to show that you can catch 'em with any kind of bait, catch 'em with any kind of bait, if you know where to fish and how to land 'em.

Come and Get It!

Nearly every fisherman has a choice fishing spot...a "fishin' hole" which he favors over all others.

Some of the really ambitious souls "bait up" the hole to attract the little ones so that the big boys will come in for a strike.

How many different ways do you know to tempt fish into the lair?

One seasoned fisherman tells us that he wraps a bale of alfalfa hay in chicken wire (bout 2-inch mesh), anchors it with a rock, and lowers it on a cable almost to the very bottom of the lake. That corn chops in a toesack does attaches to his dock, or to a tree, so that he can retrieve and replenish when necessary.

Another veteran follows the same pattern except he fills a toesack with discarded meat bones obtained from the butcher shop. He claims the big cats will tear the sack all to pieces and eat the bones like a hound dog.

Still another fisherman finds the trick.

Another fellow uses cottonseed meal.

An unusual "come on"—and probably as good as you'll find at this season of the year is this. Tie an unopened gallon bucket of syrup to a cable, punch a small hole in the bottom of the bucket, and lower it almost to the bottom. The syrup, oozing from the bucket is reported to bring the fish a flyin'.

Whatever your "lure", it's recommended that you drop it close to an old tree. Then be sure you mark the spot. And not on the side of your boat, either.

Pfc. A. E. Noey Joins AAA Unit

FORT MacARTHUR, Calif.(AHTNC)Pfc. Allen E. Noey, son of Mr. and Mrs. Coot Noey, Route 1, Cameron, is a member of the 77th Antiaircraft Artillery Battalion's Battery B at Fort MacArthur, Calif.

Noey, whose wife, Frances, lives in Culver City, Calif., entered the Army in January 1'56 and was stationed at Fort Bliss before arriving at Fort MacArthur.

JUST ARRIVED!

All-new '58 DODGE Power Giants

4-WAY LEADERS OF THE LOW-PRICED 3!

Here—for you to drive *now*—are the first trucks ever built that lead the low-priced three *all four ways!*

Styling, power, payload, economy—Dodge for '58 is definitely way out front.

New economy-engineered V-8's and Sixes give *super* performance, more miles per gallon (on *regular* gas).

New Full-Traction Drive makes "getting stuck" in mud, snow or sand almost impossible.

Check the 4-way leader before you buy—and get your Dodge dealer's special 40th-anniversary deal!

Drive a DODGE *Power Giant* today!

1 FIRST IN STYLING!

All-new design! Sleek, yet rugged. Deluxe chrome grille and trim . . . modern twin headlights for safer night driving . . . sweeping, future-inspired lines . . . sparkling new colors and two-tone combinations.

2 FIRST IN POWER!

New Super-Torque '58 *Power Giant* V-8's deliver whopping 204 to 234 horsepower. Extra power cuts trip time, lets you pass more safely, reduces engine strain, assures long engine life.

3 FIRST IN PAYLOAD!

Advanced Dodge construction is extra strong, but without an ounce of load-robbing excess "fat". Lets you haul as much as ⅓ more, thus cut down on trips, on time, on gas, on tire wear.

4 FIRST IN ECONOMY!

Most advanced of all short-stroke V-8 truck engines. Exclusive Power-Dome combustion puts extra miles into every gallon, ends power-stealing carbon deposits, slashes maintenance costs.

Students To See Noted Magician November 11 Here

Cameron elementary school students will see a program of magic November 11 at Yoe High School Auditorium presented by Roy Mayer, noted magician.

Mayer is an accomplished magician, known in magic circles for 25 years as an authority on modern magic.

His presentation of mystery after mystery holds the audience spellbound and his refreshing style of hokus-pokus is unsurpassed, according to Leon Brady, elementary principal.

The production of "The Oranges from Nowhere," "The Touch of King Midas," "The Elusive Spheres," "The Citrous Mystery" and "The Adventures of Robin Hood" highlight his act.

Mayer became a member of the Society of American Magicians in the year 1925 and is a past president of the St. Louis Assembly of that organization.

He taught magic, giving lessons to students in all walks of life. He brings with him a wealth of platform experience including stage, lyceum and television.

Stewart Perkins Assumes Duties As Cub Master

Stewart Perkins, new Cub Master for Pack 84, was introduced to the cubs, their parents and committeemen last Wednesday during their regular meeting.

During the program a large jack o'lantern glared at the audience and decorations of witches, pumpkins and black cats, made by the cub scouts, were used to carry out the October theme, Ghosts and Goblins.

During the meeting the following awards were presented, Bobcats: Don Mitchell, Ernest Kuzel, Bucky Wilkinson, Ronald Gelner, Hilry Stroup, Dennis Woodum, John Graham, Glenn Fogel, Herbert Baggerly and Charles Maddox; Wolf Badge: Jeffery Nelson; Bear Badges: Mack Hugh McKinney, Eugene Wallace, and the Webelos, highest award in cub scouting was earned by Ernest Vogelsang.

Scout Executive, Burts Kennedy, spoke to parents and committeemen on their duties to Pack 84.

The meeting was closed with the Cub Masters prayer. Refreshments were served.

Alcoa Distributes Applications For 1958 Foundation Scholarships

ROCKDALE—Applications for the 1958 Alcoa Foundation Scholarship allotted to Rockdale Works are now being distributed in Central Texas, it was announced this week.

The Scholarship Program provides financial aid to sons or daughters of Alcoans entering college.

Applications are available from supervisors or from the Public Relations Office at Aluminum Company of America's Rockdale Works. The completed blanks must be turned in to the student's school principal by November 15.

Meanwhile, R. R. Sugg, chairman of the program's sponsoring board and works manager at Rockdale, has announced the names of six members of the local Selection Board, who will determine this year's winner.

They are Hinton H. Pruett, chairman, Milam County superintendent of schools; Wiley W. Loughmiller, superintendent, Cameron city schools, Cameron; J. M. Moorman, superintendent, Rockdale city schools; V. E. Lass, Jr., principal, Thorndale High School; A. P. Kleinschmidt, superintendent, Lexington city schools; and T. H. Johnson, superintendent, Taylor city schools.

High school principals should return completed forms to Pruett by November 25.

The winner of the first scholarship here, Lee Hyder of Rockdale, has been elected to Phi Beta Kappa, honorary scholastic fraternity, at Rice Insitiute. Hyder, a senior, is majoring in chemical engineering.

Mrs. Wade Fatheree Dies During Surgery Services Held Here

Funeral services were held Thursday afternoon for Mrs. Wade Fatheree, 53, at the Chapel of Green Funeral Home.

The Rev. Chapman officiated, assisted by the Rev. Raymond Bailey. Interment was in Little River Cemetery.

Mrs. Fatheree died in a Marlin Hospital Wednesday morning while undergoing surgery. She was a life.

resident of Ben Arnold and had lived in Milam County all her

She is survived by her husband, Wade F. Fatheree, Sr., Ben Arnold; one son, Wade F. Jr., of Ben Arnold; one daughter, Mrs. Melba Rice, Pasendena; five sisters, Mrs. Mollie Murff, Texas City, Mrs. Lewis Murff, Ben Arnold, Mrs. W. I. Canady, Freeport, Mrs. N. C. Canady, Houston, and Mrs. J. T. Howard, Texas City; two brothers, E. L. Bell and H. P. Bell. Freeport; and four grandchildren.

Lone Star Gas Co. Cites J. W. Clark For 15 Years Work

John W. Clark, Lone Star Gas Company serviceman in Cameron, was awarded a gold service pin this month for 15 years service with Lone Star, according to C. M. Burke, Cameron District manager for the company.

Clark joined Lone Star October 12, 1942, as a laborer and received steady promotions to utility man, foreman and to serviceman.

During the 15 years that Clark has been an employee of Lone Star, he has been instrumental in the piping of the city of Caldwell and of the construction work that went on in Rockdale in the past few years, Burke said.

A native of Ozark, Arkansas, Clark attended Ozark High School. He is a member of the Methodist Church and has served with the Volunteer Fire Department.

He is married to the former Dollie Foster, and they have a daughter, Betty Rose Hardwick, Roswell, N. M., and a son, John Wayne Clark.

Lankford Named Escort Candidate For SWTSTC

SAN MARCOS Eddie Lankford, son of Mrs. N. L. Caperton of Cameron, is one of 34 men students nominated for Gaillardian escort (all-college favorites) at Southwest Texas State College this fall.

Twelve favorites, six Gaillardians and six escorts, will be presented during the annual SWTSTC Nov. 9.

Sophomore, junior and senior students at the college will select the 12 favorites by secret ballot this week.

Identity of the six winning couples will be kept secret until the Homecoming presentation. A total of 34 couples were nominated for the honor by various campus organizations.

Lankford, a senior physical education major, and Ruth Ann Heider, Orange Grove junior, are nominees of Kappa Lambda Kappa. Lankford, who lettered in football and track last year, is one of the leading ground gainers for the Bobcat football team this fall.

The Gaillardian election is one of many preparations being made for the annual Southwest Texas Homecoming Nov. 9.

Actual Homecoming activities, centered around the theme "Tomorrow", begin with a bonfire and pep rally Friday night, Nov. 8, followed by open house for ex-students Saturday morning, the Southwest Texas-Sam Houston State football game Saturday afternoon and the homecoming dance Saturday night.

Mr. and Mrs. Robert Ross of Grand Prairie were overnight guests Friday in the Ed Fowler home.

Farmers Awaiting Better Weather For Field Work

Milam County farmers are looking forward to fair weather to complete sowing of oats and other small grains, according to County Agent J. D. Moore.

He said in his weekly crop report that the soil was still too wet for plowing.

His report showed that most county farmers still have scrappings of cotton in the fields. He said there was no report on total amount of overflowed cotton that could be saved.

The rains boosted the pecan crop in Milam County, he continued. Heavy moisture has helped fill out the pecan crop which is being harvested now.

He said some late maize still was in the fields though most of the crop has been harvested.

And livestock conditions remain strong, he pointed out. Marketing of cattle usually picks up in the fall due to farmers' expecting frosts to reduce grazing prospects.

Ignore the weather...

with an ELECTRIC

CLOTHES DRYER

You can beat the weatherman! You can *make* your weather for washing and drying your clothes . . . when you have an electric clothes dryer. A flick of a switch . . . and you can have sunshine-fresh air to dry the family laundry. It's easy to free yourself of the raincloud-and-duststorm complex and join the crowd who have made clothes pins and clothes lines a thing of the past. B-58 BUICK

When better automobiles are built Buick will build them

Born of more Aircraft Principles than any other car yet built

HERE—coming to you from the freshest blueprints in years—is a car built to make your driving as modern as your thinking.

This one's built with more aviation principles throughout than any car before.

There's a greater use of airweight aluminum in its form and structure—in its engine—in its styling—even in its quick-cooling brakes.

There's an air-borne feeling of flight in its performance with Buick's B-12000 engine and with Flight Pitch Dynaflow* that can switch the pitch a million ways.

And everywhere you go—you travel in new skyway comfort with Buick's Miracle Ride *plus* Air-Poise Suspension.*

So this is a car of truly exciting ideas for 1958—the Air Born B-58 Buick. And you should see it and drive it at your Buick dealer's soon. Come on in today.

NEVER SO MUCH SO NEW

- ★ Fresh bold styling with the Dynastar Grille.
- ★ The Miracle Ride plus Buick Air-Poise Suspension.*
- ★ Flight Pitch Dynaflow* with the instant flexibility of a million switches of pitch.
- ★ B-12000 Engine with 12,000 pounds of thrust behind every piston's power stroke.
- ★ Air-Cooled Aluminum Brakes* with smoother, surer control and longer life.
- ★ "Velvet Wall" Sound Silencing.
- ★ All built to exacting quality standards.

*Flight Pitch Dynaflow standard on LIMITED and ROADMASTER 75, optional at extra cost on other Series. Air-Poise Suspension optional at extra cost on all Series. Aluminum Brakes standard on all Series except the SPECIAL.

Flirsh Ermis, Bride At Home In Cameron Following Wedding Trip

Miss Bettye Lou Gibbs and Flirsh E. Ermis exchanged wedding vows October 18th at the Battetown Baptist Church at 6 p.m. before a background of white mums.

Rev. P. L. Caperton officiated at the double ring ceremony.

Miss Peggy Mullinax was organist. Solist, Miss Marjorie Wilkinson of Branchville, sang "O Perfect Love" and "The Lords Prayer."

Miss Gibbs is the daughter of Mr. and Mrs. W. C. Gibbs. The bridegroom is the son of Mr. and Mrs. John J. Ermis.

Bride Wore Blue

Given in marriage by her father, the bride wore a dress of embossed baby blue faille with matching jacket and navy accessories. She wore lace finger-tip gloves and her hat was of light blue velvet with a rhinestone studded veil.

She carried a bouquet of white carnations and lily of the valley centered with a white orchid.

Miss Mae Ellen Eisfeldt of Austin was maid of honor. The best man was G. C. (Pete) Miller.

Don Obermiller and Jay C. Wheeler served as ushers.

Reception Follows

The brides home at 1002 North Travis was decorated with white mums and carnations for the reception following the wedding ceremony.

The three tiered cake was served by Mrs. Lee Roy Franklin of Bryan. Miss Christine Perry of Austin poured and Miss Evelyn Eisfeldt attended the brides book.

Others in the houseparty were Mrs. Charles Maddox, Miss Joyce Hux, and Miss Mary Ellen Ingram.

The brides mother chose a navy blue dress with black accessories. She wore a peppermint carnation corsage. The grooms mother wore a dress of Navy crepe with navy accessories. She also wore a peppermint carnation corsage.

San Antonio Wedding Trip

For a wedding trip to San Antonio the bride wore a beige dress with navy accessories.

The bride is a 1957 graduate of Yoe High School and attended Durhams Business College. The groom attended Yoe High School and is now employed by American Petroleum Company.

The couple will be at home in Cameron.

Officers Installed At Burlington WMS Meeting Thursday

WMS of the Burlington Baptist Church had their installation service when they met last Thursday.

Mrs. Frank Rogers was in charge of the service. She used the theme "We Follow in His Path". Officers installed were: Mrs. George Logan, Secretary Treasurer, Mrs. J. J. Foshea, director, Mrs. F. J. Rogers, mission study, Mrs. Ollie Mode, stewardship, Mrs. Hugh Davenport, community missions, and Mrs. George Mode, president.

For their community missions project the group planned to help a family who lost their household goods in a fire at George Dodds farm. There are three small children in the family.

Hostesses, Mrs. Arthur Davenport and Mrs. Fred Davenport served refreshments during the social hour.

MRS. FLIRSH E. ERMIS

Miss Helen Savoy, Joe Wardlaw Exchange Vows In Home Ceremoy

Miss Helen Savoy and Joe Wardlaw were married October 26th before an archway decorated with mums and greenery and interlaced with Calla lilies. The, arch was flanked by candlabras.

The wedding was in the home of the brides aunt and uncle, Mr. and Mrs. Joe Cox, in Houston.

Given in marriage by her father, the bride wore a blue silk faille dress and coronet of white satin and roses with an off the face veil.

Bride Carries Bible

She carried a white lace covered Bible topped with a cascade of white roses.

Mrs. David Prescott attended her sister as maid of honor. Howard Wardlaw was his brothers best man.

Centerpiece of Mums

White mums and fern, interlaced with tulle and ribbon, formed the centerpiece on the serving table at the reception which followed the ceremony.

Mrs. Roy Warren served the wedding cake and Miss Jo Ann Cox, cousin of tre bride, presided at the punch service.

The bride, daughter of Mr. and Mrs. Lloyd Savoy of Houston, is a graduate of Austin High School and was employed by Continental Oil Company.

Yoe High Graduate

Mr. Wardlaw, son of Mr. and Mr. Tom Wardlaw of Cameron, is a 1950 graduate of Yoe High Scool. He is a student at Southwest Louisiana Institute in Lafayette, Louisiana and is employed in the marketing department of Continental Oil Company.

Following a short wedding trip the couple will be at home at 312 North Chestnut, Lafayette, Louisiana.

Ruth And Fellowship Classes Meet With Mrs. Charlie Friemel

Twenty members of the Ruth and Fellowship Classes, of the First Baptist Church, met for a business meeting, Monday, at the home of Mrs. Charlie Friemel, with Mrs. J. D. Smalley as cohostess.

Mrs. Roy Hensley led the opening prayer and request songs were played by Mrs. C. W. Bradbury.

An inspirational talk "Why I Like Being a Woman", was given by Mrs. O. L. Baldridge. Mrs. W. E. Kuehl sang, "Open My Eyes", accompanied by Mrs. Friemel.

Mrs. Friemel, president of the Ruth Class, was in charge of the business meeting when a vote to have joint, monthly, meetings this year, and a completion of the Year Books were made.

Mrs. Bassell Wilson entertained the group with piano selection.

The hostesses served angel cake, ice cream, coffee, nuts and candies.

A&M Mothers Club Has Regular Meeting With Mrs. Leo Fuchs

Mrs. Leo Fuchs entertained the Milam County A&M Mothers Club at their regular quarterly meeting. Mrs. H C. Hill was co-hostess.

During the business session Mrs. W. W. Balhorn, president, gave a report on the Federation meeting held at A&M College in September.

The Club voted to make contributions to the Inner Faith Chapel and towards the college hospital.

Mrs. Frank Karnowski was welcomed as a new member. Mrs. E. A Flinn was the only guest.

The hostess served open face sandwiches, fruit cake and coffee to the group.

The next meeting will be in the home of Mrs. Balhorn in January.

Recipe Of Week

Cranberries Make Food Companions

Cranberries and turkey go together like ham and eggs, but cranberries go equally well with many other foods. Their fresh tangy flavors goes well with all poultry, with meats of all kinds and with casserole dishes. They make delicious salads, pastries and breads.

When buying fresh cranberries, select those that are plump and dry, firm and bright. They should be of rich red color. Pink berries are not ripe.

Easy to keep, cranberries may be stored several days in the refrigerator. They freeze very well and may be frozen just as they are purchased. However, most plastic bags used for packaging cranberries are perforated for ventilation, so they should be overwrapped with freezer material. To have a top quality product to take from the freezer, it is better too, to sort and wash the cranberries before they are frozen.

Make delicious Cranberry Nut Bread by sifting together 2 cups sifted flour, ¾ cup sugar, 3 teaspoons baking powder, 1 teaspoon salt, ½ teaspoon soda and 1 teaspoon cinnamon. Add 1 cup chopped pecans. Combine 1 egg, 1 one-pound can whole cranberry sauce well-drained and 2 tablespoons shortening, melted. Stir dry ingredients into egg-cranberry mixture, thoroughly combining. Bake in well-greased 9 x 5-inch loaf pan in moderate gas oven (350 deg. F.) 1 hour.

RECIPE OF THE WEEK

Old Fashioned Cranberry Jelly: Drop 4 cups fresh cranberries (1 pound) into 2 cups boiling water. Cook 6 to 8 minutes or until all cranberries pop. Remove from flame and pour into sieve, pressing cranberries through. Add 2 cups sugar. Return to full gas flame. Cook until mixture reaches a full rolling boil, stirring constantly. Remove from flame and pour into glasses or mold.

Note: This is truly a non-collapsible cranberry jelly, but the secret of success lies in making it in the small quantity given here. Do not double the recipe. If a larger quantity is needed, make the recipe several times.

Mrs. Davis Hosts Tracy-Duncan Club

Mrs. Nelson Davis was hostess for the Tracy Duncan Home Demonstration Club at her ranch home near Sharp Tuesday afternoon.

Mrs. Joe Brown was in charge of the program, "Home Cleaning Made Easy" and "Flower Arrangement".

Club members were asked to turn in their annual reports.

Mrs. Davis served refreshments during the social hour following the meeting.

Two Attend Dallas Fashion Showings

Mrs. Berniece Lester and Mrs. Marek attended the Greater Dallas Fashion Market's early spring and resort showings October 27 - November 1.

More than 3000 lines of women's and children's apparel were exhibited by approximately 1000 manufacturer's representatives during this important market.

Among the events planned for the visiting buyers and merchants were a Fashion Clinic and show October 28 and 29, and a party October 30.

Methodist Women Observe Week Of Prayer And Self Denial With Two Programs Here

Week of Prayer and Self-Denial was observed by the Women of the Methodist Church with two programs under the direction of the Spiritual Life Committee.

"As the Waters Cover the Sea" was held in th Sanctuary of the church Monday afternoon. Mrs. E. J. Davis was the leader and Mrs. Hilliard Thomas was organist.

Mrs. Wiley Loughmiller discussed work Methodist women are doing through there agencies in Ohio and in Peek Home, Illinois, and Mrs. W. H. Garner presented the work of the WSCS in two foreign schools.

Others assisting with the program were Mesdames M. C. Ponder, Benny Whitside, Pat Kelly, Louis McKee, Don Humble and Earle Pearson.

The Quiet Day program, "If With All Your Hearts Ye Truly Seek Me" was held in the Fellowship Hall on Wednesday.

Mrs. Winnie Wittliff was in charge of the music and was accompanist for the three hour program. Singing was lead by Mrs. A. W. McCullin and Mrs. Ernest Davis.

Meditations were presented by Mrs. Don Humble, Mrs. Roy Baskin and Mrs. W. O. Triggs. Mrs. W. A. Bonds and Mrs. John Henderson were in charge of the readings during the Quiet Meal at noon.

Thought For Today

Today's Text: I determined not to know any thing among you, save Jesus Christ, and him crucified.—1 Corinthians 2: 2

Heavenly Father, may the true meaning of the cross of Christ be at the center of our life and witness.

Festive Fantasies Plans Completed

The regularly scheduled meeting of the Civic Garden Club has been changed to Friday, November 8th at 9 a.m. in the home of Mrs. Alvin Dusek.

"Textures in Flower Arrangements" will be the subject to be considered. It will be presented by Mrs. Leo Fuchs.

Flower Show Plans

Final plans will be completed for the flower show "Festive Fantasies" which the club will present November 13th from 2 to 8 p.m. in the recreation room of the First Christian Church.

Tn added feature to the show will be the "Invitational Division" which is open to members of Milam County Demonstration Clubs.

Mrs. O. G. Tumlinson is chairman of this division. Additional information may be obtained from her.

Entrie Dates

Entries for this class may be made on November 12th between 3:30 and 5 p.m. and November 13th between 9 and 10 a.m. For those living at greater distances from Cameron, the items may be left with Mrs. Leo Fuchs, flower show chairman, at the Ideal Hatchery at any time prior to the show.

"Festive Fantasies" is slated to be one of the most outstanding shows ever presented by the Civic Garden Club. Among the interesting features will be special holiday tables which will be arranged by appointment.

The club has extended an invitation to the public to see the show.

Last Rites Held For Isabel Soriano

Funeral services were held last week at the chapel of Green Funral Home for Isabel Soriano who died here October 25.

Interment followed services conducted by the Rev. D. G. Vera

Soriano worked for R. L. Batte, Sr. after coming to Texas in 1916. He continued to work at South land Oil Co., later Milam Grain Co., until he was injured August 13.

Surviving are; Joaquin Soriano; three daughters, Mrs. Amelia Escalante, Corcoran, Calif., Mrs. Rose Soriano, and Miss Elizabeth Soriano, both of Cameron; and five grandchildren.

Residents In Bishop

Mrs. Velma Dobbs and Mrs. Lula Wilkerson have returned home from Bishop where they attended the wedding of their grandson, Charles Wilkerson to Miss Peggy Pierce.

The wedding was at the First Baptist Church in Bishop on Saturday evening.

Services Held At St. Monica's For Mrs. Matocha, 74

The Rev. George J. Duda conducted funeral services Tuesday for Mrs. A. J. Matocha, 74, who died in a local hospital Saturday.

Interment was in St. Monica Cemetery.

Mrs. Matocha was born at Marak, but had made her home in Cameron for the past 59 years.

She is survived by two sons: George A. Matocha, Sinton, and Charles Matocha, Cameron, three daughters; Mrs. R. W .Maguire, Casper, Wyoming. Mrs. George Zotz, El Paso and Mrs. F. R. Rugelay, Wharton, two brothers; Louis Mondrik, San Antonio and Lincoln Mondrik, Cameron, five sisters; Mrs. W. R. Newton, Sr., Cameron, Mrs. Albina Wohleb, Temple, Miss Amelia Mondrik, Cameron, Mrs. Angela Kinzek, Compton, California and Mrs. Helen Mondrik Marak, Freeport, and nine grandchildren.

Pallbearers were Roy Wohleb, Seraphine Wohleb, Albert Matula, A. F. Matula, Robert Michalka, and Frank Richter, Jr.

Services Today For Mrs. Chernosky, 79, Ben Arnold Resident

Funeral services were held at 10:30 a.m. for Mrs. Rosa Chernosky, 79, at St. Monica Church.

The Rev. George J. Duda conducted the services. Interment was in St. Monica Cemetery.

Mrs. Chernosky died in a local hospital Monday afternoon. She was born in Poland on August 14, 1878,, and had made her home in the Ben Arnold community.

Survivors are: two sons, Steve Chernosky and Joe Chernosky, Ben Arnold; five daughters, Mrs. Annie Tomek; Cameron, Mrs. Maggie Pavelka, Casper, Wyoming, Mrs. Mary McCoy, Houston and Mrs. Valera Malovets, Buckholts; 37 grandchildren and 43 greatgrandchildren.

State Capitol Report

Danial's Program Is Getting Approval With Few Revisions

By Vern Sanford
Texas Press Association

AUSTIN—Gov. Price Daniel's special session legislative program apparently is on the way to being passed – with additions and changes here and there.

Both Senate and House passed water bills – differing quite a bit from each other, and even more from the measure the governor requested.

Gov. Daniel asked for a statewide water planning division with an appropriation of $1,024,000. He also asked for state authority to contract with the federal government for water storage in federal reservoirs.

Cut out of the House Bill was the water storage provision. Appropriation also was reduced to about $951,000.

Senate cut the appropriation to $600,240 and gave the proposed new division authority to do research, but not to formulate an overall plan. It authorized conservation storage agreements, but only if they are first approved by the Legislature.

Biggest wrangle came when some House members tried to insert an amendment that would allow landowners to use water from small farm lakes for irrigation. Present law limits these lakes to domestic and livestock uses except with a special permit.

Result was a city vs. farm battle of the sort that has derailed overall water programming efforts for years. Amendment was added in the House.

Lobby Proposals

After all the furore, both House and Senate lobby control bills looked pretty mild.

Both would require registration of paid lobbyists and reports on how much they spend to influence legislation (over $50 in the Senate bill; over 25 in tre House bill).

Neither would require details on how the money was spent.

A proposed substitute measure in the House would make the lawmakers responsible for reporting money spent on them by lobbyists.

Secret Study Proposed

Supporters of the crime study commission bill were dismayed at the turn it took in the House.

Before passage, the House put in a provision that the commission's sessions should be behind closed doors. It also gave it no power to subpoena witnesses.

It was the secret session part which disturbed the governor. Main purpose of the commission, he said, was to give the public more information on law enforcement and crime prevention

Tangled Trail

Senate investigating committee continued efforts to chop through the tangled financial history of three Dallas insurance firms.

Apparent purpose is to discover whether these companies were playing fast and loose with the policy and stockholders' money without restraint from the state regulatory agency.

Chairman Sen. Charles Herring said at the beginning of the inquiry that he felt the Legislature was catching the brunt of public indignation that sometimes stemmed from negligence by state agencies.

Pierce P. Brooks and Lester Hall of National Bankers Life were questioned about the complicated exchanges and re-exchanges of money and stock between that company and now-bankrupt ICT Corp.

Outcome was a 2,000,000 loss to ICT stockholders. Hall said hindsight made some of the deals look bad now, but they seemed perfectly all right at the time they were made.

Former employes of Preferred Life testified they had been instructed to conceal records from Insurance Department examiners. Company books didn't balance, they said, and there was a backlog of unpaid claims.

Tax Study Launched

For the first time in Texas history, work is under way to draw up the "big picture" on state taxes.

State Tax Commission, created by the last Legislature, has begun its work of finding out who pays how much to the state. Plan is to have the Texas Research League do the data-gathering with help from eminent experts in the field.

Findings will be presented to the next regular session which is expected to be faced with a deficit and the necessity of putting new taxes on someone.

But commission members emphasized they would present no recommendations for new taxes, only facts on current ones.

NOTICE

Bids will be accepted on 1 used Garland Range (Commercial size) on or before Nov. 14, 1957. It may be inspected at the Ada Henderson School. Submit bids to Wiley W. Loughmiller, Supt. Cameron Public Schools, Cameron, Texas.

32-2tc

NOTICE

Sealed bids will be received by the City Council of City of Cameron, Texas, for material and construction of a lighted ball park for the colored park in the City of Cameron. Bids must be in the office of the City Secretary, Wayne B. Wieser, not later than 4 p.m. December 19th, 1957.

For further information contact Mr. W. D. Bigbee, superintendent of public works, or call City of Cameron, 140.

The City of Cameron reserves the right to accept or reject any or all bids.

Wyane B. Wieser
City Secretary

ADVERTISEMENT FOR BIDS

Sealed proposals will be received by the City of Cameron, Texas, in the City Hall until 2:00 P.M., December 3, 1957, for the construction of:

CONTRACT NO. 1 CONSTRUCTION OF SEWAGE TREATMENT PLANT.

At the above time and place proposals will be publicly opened and read aloud. Any bids received after closing time will be returned unopened.

Plans and Specifications may be examined without charge in the office of the City Secretary and may be procured from Joe J. Rady & Co., Consulting Engineers, 511 Insurance Building, Fort Worth, Texas, upon a deposit of $20.00 as a guarantee of the safe return of the plans and specifications. Deposits will be returned upon return of the plans and specifications as provided in the Special Conditions.

Attention is called to the requirement that there must be paid on this project not less than the general prevailing rates of wages which have been established by the Owner and specified in the contract documents.

A cashier's check, certified check or acceptable bidders, bond, payable to the Owner, in an amount of not less than five per cent of the largest possible total for the bid submitted, must accompany each bid. No bid may be withdrawn after the schduled closing time for receipt of bids, for at least thirty days. The Owner reserves the right to reject any or all bids and to waive informalities.

State Program Slates 3 Roads For Repair Work

The Texas Highway Commission has taken the first step to inaugurate a new two-year Farm-toMarket Road Program for Texas, Marshall Formby, chairman of the Texas Highway Commission stated today.

Money for this program is derived from the fund established by Senate Bill 287, Fifty-first Legislature.

C. B. Thames, District Engineer of the Texas Highway Department at Bryan, has stated that the folfarm-to-market roads in this area are scheduled for work under this program.

From end of FM Road 908 South of Rockdale, South to Burleson County line, a distanc eof approximately 2.8 miles.

From U. S. Highway 79 at Thorndale, South to road intersection near Conoley Church, a distance of approximately 4.7 mies.

From end of FM Road 908, Northwest to road intersection near Sant Gabriel River Bridge, a distance of approximatey 3.0 miles.

Thames stated that this year the Commission has authorized the development of some area roads which will serve the dual purpose of service to the adjacent land as well as aiding in the development of the entire area of the State.

It was announced that work will begin on these projects just as soon as final planning is completed and right of way secured. Resident Engineer Carol D. Zeigler, Hearne, will be in charge of the work in this area.

Mrs. Kemp In Virginia

A note from Mrs. William S. Brown this week informs us that Mrs. Jeff T. Kemp, formerly of Cameron, is now with her daughter in Arlington, Virginia.

Mrs. Brown writes that they are sharing a copy of The Herald and look forward to it each week.

— P M —

Edgar Wilson of Coleman, formerly of Cameron, was a visitor in Cameron Monday.

INTRODUCING

Kathleen Grace, 8 lb. 2 oz., daughter born November 2nd in Washintton D. C. to Dr. and Mrs. Warren Bendel.

Mrs. Bendel is the former Adele Slama. Grandparents are Mrs. Anna Slama, Cameron, and Mrs. Lillian Hovencamp, Rovenn, Ohio.

YOUNG IDEAS from Polly Ponds

Q: "Do you think a teen-ager should wear perfume?"

A: That depends entirely on the teen-ager. However, I'd suggest cologne instead of perfume. For one thing, you get more of it for your money – for another, you'll not be in danger of using too much and overpowering your date, because cologne is lighter, less lasting than perfume.

When buying your cologne, only test two or, at the most, three at a time – otherwise you'll lose the scent. Avoid spicy, musky or heavy scents. These do not sit well on bright, young girls. Stay with light, floral fragrances.

Dab your cologne in your hair while it's still wet from a shampoo to give your locks a sweet and lingering scent. Save the empty bottle and use it as a sachet in the drawer where you keep your sweaters or lingerie.

YOUR SOIL

By Your Soil Conservationist

The policy and procedure for making a national inventory of soil and water conservation needs has been agreed to by an interagency committee of the Department of Agriculture. Field work on the inventory is expected to start soon. The goal for completion of the inventory is set as 1960 by the committee.

The inventory will encompass two main phases: 1. An inventory of land use, conservation problems, and acreage needing treatment; and 2. An inventory of watershed project needs as authorized by P. L. 566.

SCS To Lead

SCS will assume leadership in making the inventory but will be assisted by seven other departmental agencies and expects to receive cooperation of State and local agencies as well as some Federal agencies in other Departments.

This inventory will be broader in scope and more specific in detail than any other ever attempted before. The primary purpose is to provide accurate information to all Departmental agencies engaged in soil and water conservation work. The inventory should also provide valuable information to soil conservation districts, State conservation agencies, watershed associations and others concerned with conservation work.

To Use Know Data

Basic facts about land use and soils will come from soil surveys on sample areas to supplement data from the more than 500 million acres of surveys already made. Experiences from small watershed projects underway will serve as a guide in making the watershed conservation needs inventory.

Wayne Mann, Chairman of the Milam County Conservation Needs Inventory Committee, reports that work on the conservation needs inventory for Milam County will be started in the latter part of 1958.

Consignments Total 865 At City Sale

Consignments totaled 865 Thursday at the Cameron Livestock Auction with 66 buyers bidding on stock furnished by 184 sellers, officials said today.

The trend started several weeks ago in the city auction as sales showed an 18 percent increase over the previous week's listings.

Officials said the market was fully steady on all classes of stock compared to the previous sale with the exception of cows.

Demand was strong on stocker cows and good quality stocker steer calves, officials noted.

Thursday prices were:

STEERS:		
Good & Choice Fed Yearlings	18.00	22.50
Common to Medium	17.00	20.00
COWS:		
Fat Cows	13.00	15.25
Canners and Cutters	8.00	12.50
Stocker Cows	12.00	15.50
BULLS:	12.50	16.00
Good & Choice Slaughter Calves	18.00	22.60
CALVES:		
Common and Medium Kinds	16.00	18.00
Culls	14.00	16.00
Good & Choice Stocker Steer Calves	20.00	23.50
Heifers	18.00	21.00
Medium to Good Stocker & Feeder Steers	15.00	18.00
COWS AND CALVES:		
Good	150.00	180.00
Medium	125.00	145.00
Plain	90.00	120.00

TOP HOGS, Sold Direct, 200 to 245 lbs., $17.00.

Green-Chop Feeding Tops

A recent study indicated that on many dairy farms green-chop feeding may be more profitable than grazing, says A. M. Meekma, A& M extension dairy husbandman. The study revealed a higher efficiency of grassland when it was chopped because it prevented loss of grassland feed due to trampling by the cows.

Layer Numbers Down

By January 1, 1958, the total U. S. laying flock is expected to be down 6 to 8 per-cent from January 1, 1957. Statistics show a 25 percent decrease for Texas. The reduction will be due to fewer replacements with the decrease greatest in small flocks.

Good Cotton Advice

A & M Expert Advises Farmers To Save Good Planting Seed

College Station—Good cotton planting seed with high germination may be scarce next spring.

Fred C. Elliott, extension cotton specialist, said the situation which has developed is due to late plantings last spring and the wet weather which has hit all sections of the cotton belt during the harvest season.

The situation, he added, is even worse in the eastern part of the cotton belt and seed of certain varieties are almost certain to be in short supply.

Save, Store Quality Seed

Elliott advised cotton growers to save and carefully store any good quality seed of known varieties. This, he said, is one of those seasons when planting seed even with a low moisture content can't be placed in storage and forgotten about until next spring. A continous check on stored seed is suggested.

Here are Elliott's suggestions for handling seed:

Check seed closely for damage before storing and store those with high germination (80 percent if very good) and low free fatty acid content.

Seed saved for bulk storage, he said, should contain less than 12 percent moisture unless good drying and cooling facilities are available. Small quantities of seed should be turned and sacked.

Aeriate Bulk Seed

Large quantities of bulk stored seed, he said, should be cured by aeration to maintain quality. A portable fan and duct system can be used to draw air through the seed.

He warned that a moisture content of 13.6 percent is the critical point beyond which storage may quickly become disastrous. Every effort, he said, should be made to bring the moisture content down to 10 or 11 percent on seed in storage.

Drawing air through the seed must be done during daylight hours and only in fair weather and preferably between 10 a.m. and 4 p.m. he said.

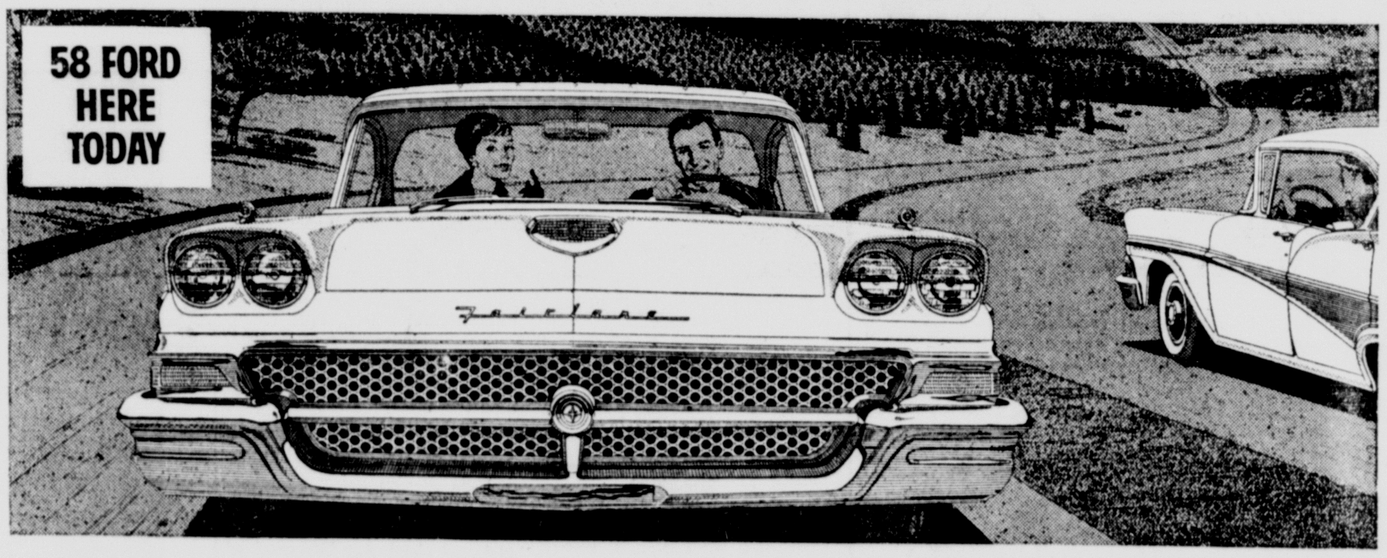
Proved and approved around the world and now it's here for you... the 58 FORD



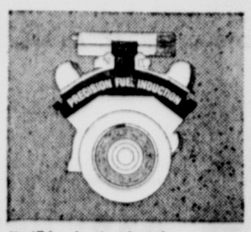
One look tells you... there's nothing newer in the world!

You'll ride in a new world of style in the 58 Ford

New deep-sculptured styling
New Interceptor V-8 power
New Cruise-O-Matic Drive
New Ford-Aire Suspension
New Magic-Circle Steering

The 58 Ford is the newest car in the world—the only car ever to meet a world-wide test and win world-wide approval before its public premiere.

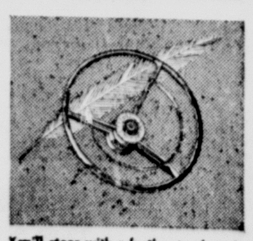
Here's a car so *new*, so *beautiful* it made eyes pop from Paris to Pakistan . . . a car so *rugged* it proved its mettle in a road test around the entire world! What's more, it did it on surprisingly little gas—thanks to new Precision Fuel Induction. Come in and let us show you the *world's most beautiful new bargain!*



You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. There's nothing newer than these engines that give you up to 300 hp. Smoother power! From less gas! One secret is Precision Fuel Induction, a wonderful new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for all normal driving, lets you move smoothly, automatically—with just a touch of your toe—from solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. Four air pillows literally soak up the bumps! And Ford's new air suspension relevels the car every time someone steps inside or luggage is loaded. An extra cost option, you get all this at traditionally low Ford prices!



You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free—give you the closest thing yet to power steering! Come in and try it!

Come in today... Action Test America's only world-proved car!

Jeff Reeders Are Entertained By Relatives During Weeks Visit

By Mrs. John Meyer

Mr. and Mrs. Jeff Reeder have returned to their home in San Antonio after a visit the past week in the homes of her sisters, Mrs. Estelle Horstmann and Mr. and Mrs. E. Phillips. While here they went to Grand Prairie accompanied by Mesdames Phillips and Horstmann for an over-night visit with Mr. and Mrs. C. J. Yanero.

Mr. and Mrs. John Henson and her mother, Mrs. Katie Zedlitz, have returned home after spending the weekend in Ft. Worth where they went to welcome their new grand-daughter and great-granddaughter, Cynthia Gay, born October 30, to Mr. and Mrs. Jimmy Nichols. The mother is the former Miss Betty Henson. The couple has another daughter, Sherry Lee, who celebrated her 1st year birthday October 26th.

F.P.C. and Mrs. J. A. Fowler and children, Valerie and David, left Sunday for his new assignment at Kerrville Naval Base after a vacation sent here visiting with his parents, Mr. and Mrs. Dave Fowler.

Mrs. Mack Akers returned home Sunday after a two week visit with her daughter and son-in-law, Mr. and Mrs. Ed Reed at their home in Grand Prairie. She was joined by her daughter and family, Mr. and Mrs. S. N. Corley, Jamie and Jenny Lee, for the weekend and return trip. The S. N. Corley's were Sunday dinner guests of his parents, Mr. and Mrs. S. M. Corley.

Mr. and Mrs. John Douglas Lewis of Houston were guests the past weekend of his parents, Mr. and Mrs. J. D. Lewis.

Mr. and Mrs. J. W. Meyer had as guests the past weekend, Mr. and Mrs. Charles McMichen of Centerville.

Weekend guests of Mr. and Mrs. R. L. Zedlitz was their son and daughter-in-law, Mr. and Mrs. Louis Zedlitz of Austin.

Mr. and Mrs. L. A. Svetlik, Jr., of Ft. Worth were weekend guests of his parents, the L. A. Svetlik, Srs.

Mr. and Mrs. Sidney Frazier of Ft. Worth visited her father, Mr. John Persky, the past weekend.

Mrs. Abbie Brown has returned from an extended visit in Dallas where she was a guest in the home of her son and daughter-in law, Mr. and Mrs. Garland Brown.

Sunday guests of Mr. and Mrs. G. C. Williams was their son-in-law and daughter, Mr. and Mrs. Harvy Yoe of Austin.

Mr. and Mrs. A. W. Zajicek, Jr. and sons of Houston were weekend guests of his parents, the A. W. Zajicek, Srs.

CARD OF THANKS

We wish to take this means of expressing our deepest appreciation to all of our neighbors and friends for the many acts of kindness and expressions of sympathy extended to us during our recent bereavement. To those who sent flowers, food and cards we are deeply grateful.

We wish to especially thank the nurses and doctors at St. Edwards Hospital and the Rev. A. F. Russell for their kindness to us.

The Family of A. A. Parsons

Statistics Show Assemblies Of God 10th In Church SS

Statistics released in the 1958 Yearbook of American Churches indicate the Assemblies of God is the 10th ranking denomination in Sunday School enrollment in the United States, according to the Rev. B. L. Laughlin, pastor of Cameron First Assembly of God.

The revised church ranks also placed the denomination eighth in number of ministers, ninth in church, 28th in church membership, seventh in Sunday School workers and teachers, and eighth in number of Sunday Schools. The Assemblies of God is the fifth largest missionary denomination in the world and stands first in number of foreign Bible Schools.

Included in the national release of Statistics was First Assembly of God Church, 1515 North Houston, local congregation of the denomination.

Growth of the Assemblies of God can be credited to an active home missions and Sunday School program, according to the Rev. Laughlin. The denomination has averaged opening one church a day for the past 6 years.

Churches of th Assemblies of God number 7,929 in the U. S. and some 8,747 abroad. Membership of the Americn Assemblies of God is approximately 471,115.

Although the number of churches placed the denomination ninth, membership-wise it is 28th. However, many of the churches have no roll and others place little emphasis on membership, Rev Laughlin stated.

The Sunday School enrollment of the Assemblies of God is more representative of the size of the denomination, the Rev. Laughlin indicated. As of 1956 Sunday Schools had 878,080 mmbers and 88, 296 workers and teachers. A drive is underway to boost enrollment to one million by 1960.

Texas Soil Needs Lime

About one-eighth the amount of lime is being used in Texas as is needed. This valuable soil nutrient serves a fourfold purpose. It gives the correct soil acidity, furnishes available calcium for plants and animals, increases the efficiency of manures and fertilizers and improves the growth of beneficial soil organisms.

TFB Will Consider Basic Farm Topics

DALLAS—The soil bank, production payments, water programs and rural roads are expected to be among the major issues to be debated and voted on at this year's Texas Farm Bureau convention.

Miss Mary Evalyn Smith, District FB queen from San Gabriel will compete in the state finals of the FB beauty contest Nov. 18.

More than 1,500 Farm Bureau members and their families are expected to attend the 24th annual meeting Nov. 17-20 at the Hotel Adolphus here.

Policies on state issues will be adopted at the meeting and recommendations of national issues will be forwarded on to the American Farm Bureau Federation convention set for Dec. 8-12 in Chicago.

Governor To Speak

Heading a slate of nationally-known speakers is Gov. Price Daniel who will address the convention Tuesday afternoon, Nov. 19. Other speakers include John C. Lynn, Washington, D. C., legislative director, American Farm Bureau Federation; Louie E. Throgmorton, Dallas, vice-president of Republic National Life Ins. Co.; and Jeff Williams, Chickasha, Oklahoma, lawyer-humorist-philosopher.

Registration will get under way at 2 p.m. Sunday, Nov. 17. A vesper service will be conducted by Throgmorton that evening. An open hearing on resolutions will be Monday morning. Special commodity conferences will be held that afternoon.

One of the features of the convention will be the finals of the TFB queen contest scheduled Monday evening at 7:30 in the Crystal Ballroom of the Baker Hotel.

Honors to Leaders

Recognition ceremonies to honor counties and individuals who have made outstanding accomplishments in membership work, service programs and public relations will also be held Tuesday morning. Lynn and Gov. Daniel will speak at the afternoon session.

District caucuses of voting delegates will be held at 4 p.m. that day to nominate directors. Williams will be banquet speaker that evening. A dance will be held after the banquet.

On the final day of the convention, Wednesday, Nov. 20, the more than 600 official voting delegates will meet in business session to debate and vote on proposed state policies and recommendations to the national convention.

Services In Waco For L. E. Posey

Funeral services for L. E. Posey 77, were held Monday afternoon from the Compton Funeral Home in Waco.

Rev. A. C. Lane officiated. Interment was in the Marlow Cemetery near Cameron. Local arrangements were made by Marek-Burns Funeral Home.

Survivors include two sons, Curtis E. Posey and Nolan Posey, both of Waco, three sisters, Mrs. Neva Coley, Houston, Mrs. Dora Hardwick, San Antonio and Mrs. Euga Engram, Sudan, two brothers, Mansfield Posey, Houston and Sidney Posey, Houston, three grandchildren and five greatgrandchildren.

Cameronite Playing On Army Grid Team

1ST CAV. DIV., KOREA (AHTNC)—Sgt. Billy R. White, 21, son of Mr. and Mrs. Charlie White, 804 W. Eighth St., Cameron, is playing football in Korea this season on the Company F team of the 1st Cavalry Division's 34th Infantry Regiment.

The division, previously in Japan has absorbed all units of the 24th Infantry Division in Korea, since the latter's recent deactivation.

White, formerly a member of the 24th, is squad leader. A 1953 graduate of Aycock High School, Rockdale, he entered the Army in April 1954 and arrived overseas last September.

INTRODUCING

Donald Glenn Daniel, Seven-pound, six-ounce son born October 24 in the Breckenridge hospital in Austin to Mr. and Mrs. Bobby Daniel of Austin.

Grandparents are Mr. and Mrs. O. E. Hart of Austin and Mr. and Mrs. Jack Daniel of Sharp.

A NEW KIND OF CAR IS BORN!

At Your Pontiac Dealer's Nov. 9

BOLDEST ADVANCE IN 50 YEARS!

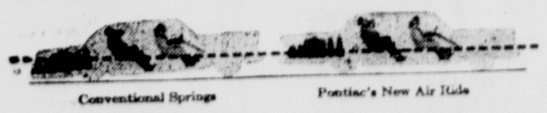
THE GOLDEN JUBILEE CAR!

It's a revolution on wheels—boldly planned from the very beginning as a Golden Anniversary showpiece for Pontiac and General Motors.

This one you really must see—here is a car unlike any you have ever known. This Golden Jubilee Pontiac is actually an all-new breed of cars—in four brilliant series and 16 sleek models covering virtually every price bracket.

In all of them you'll find engineering advances so daringly different yet so basically sound that they will trigger the next big change in automobile design. You'll find a few of these ideas illustrated here, but even they can't begin to tell the full story.

Why not be among the first to discover the newest. When you meet this bold new Pontiac, you're in for a driving thrill that is impossible to duplicate in cars of conventional design. So make it a point to see your Pontiac dealer soon and prove to yourself that no car in history ever left yesterday so far behind!

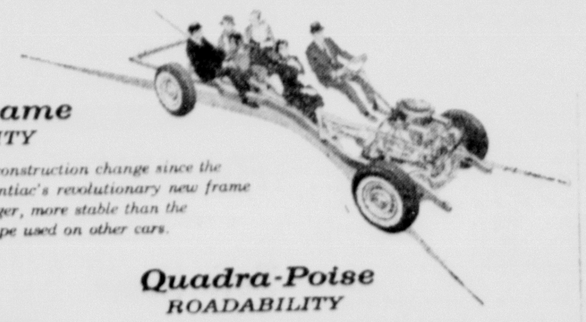


Conventional Springs — Pontiac's New Air Ride

Ever-Level Air Ride*

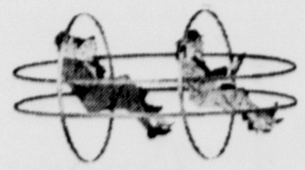
The most perfect suspension system ever designed—and Pontiac's revolutionary Aero-Frame is specifically designed for it! Air cushions on all four wheels literally float you over the bumps . . . keep the car perfectly level regardless of load or road!

*An extra-cost option.



Aero-Frame STABILITY

Here is the biggest basic construction change since the early days of motoring. Pontiac's revolutionary new frame design is lighter, stronger, more stable than the conventional box type used on other cars.



Quadra-Poise ROADABILITY

Only the wheels know where the bumps are! Pontiac's new suspension geometry ends dive, sway and bounce to bring you the smoothest ride, easiest handling you've ever known!

Circles-of-Steel SAFETY

Pontiac's completely new body construction surrounds you with girder steel protection—above, below, fore and aft. Now you can drive with wonderful new peace of mind!

Tempest 395 PERFORMANCE

Try Pontiac's new jeweled-action response! Scores of exclusive engineering innovations make Pontiac's hefty power plant a miracle of smoothness . . . and you can choose from four horsepower ratings including Tri-Power Carburetion* and Fuel Injection*.

Funeral Services For Former Resident Hugh Edmondson, 51

Funeral services for Hugh Alvin Edmondson, 51, of Port Lavaca were held October 26th in the First Baptist Church of Port Lavaca. Rev. Milton DuPriest, pastor, officiated.

Edmondson, a former Milam county resident, was accidentally killed October 24th while working on a road construction job on the Six Mile Road near Port Lavaca.

He is survived by his wife, Ethel Edmondson of Port Lavaca, one son, Lloyd, Port Lavaca, his mother, Mrs. Ada Caddess of Edna, one brother, Hubert Edmondson, Cameron, four halfsisters: Mrs. Thelma Dobbins, Modesto, California, Mrs. Dorothy Friday, Tivoli, Mrs. Ruth Yendry, Edna, and Mrs. Edna Sherwood of Victoria, three halfbrothers: Robert Caddess of Victoria, Earl of Edna, and Jess of Houston, two stepsisters: Mrs. Mary Lee Weido, Cameron, and Mrs. Ethel Brockenbush of Austin and one stepbrother, George Caddess of the state of Washington.

Pallbearers were members of the State Highway Department of Port Lavaca. Interment was in the Green Lawn Gardens, Port Lavaca.

APPLICATIONS for bus drivers positions will be accepted until Wednesday, Nov. 13th, in the superintendent's office at the Ben Milam building. Applicant must have commercial license and be in good physical condition. 32-1tc

Lifetime Resident Dies Thursday In Local Hospital

Walter O. (Dad) Reimer died Thursday at 2:15 a.m. in a Cameron Hospital. He was born March 15, 1909.

Funeral services were held 3 p.m. Friday at the Chapel of Green Funeral Home. The Rev. Gerald Cobb, pastor of United Evangelical and Reformed Church of Ben Arnold, officiated. Interment was in Oak Hill Cemetery.

A World War II veteran and carpenter for the Southern Pacific Railroad, Reimer was a lifelong resident of Milam County. At the time of his death he resided at 403 East 17th.

He is survived by his wife, four brothers, Phillip Reimer, Otto Reimer, both of Cameron, John Reimer of Houston and Bill Reimer, Milano, one sister, Miss Lydia Reimer of Ben Arnold.

A Tribute
To The Lions Club

We have in this city an aggressive group of men whose business and social ideals are of the highest Their goal is to fraternize with one another — to meet weekly for an interchange of helpful ideals—to promote themselves by promoting all American business. These Lions represent some of the finest men in our community. Their families are some of the best in our city. Let's look upon the Lions' Club as a vital factor in the advancement of everybody's interests and give them the support they richly deserve. We proudly salute their organization and their splendid achievements!

Rains Come, Streets Go

Recent heavy rains have pointed up the need in Cameron for some planning on a street and drainage improvement program.

The same planning that is materializing in a state-approved water system and sewage plant could give Cameron streets a drainage system substantial enough to prevent overflows and pocking of asphalt pavements.

We will see a major improvement in Cameron streetways when the state widens US 77-SH36 from the Fourth St. viaduct west to the intersection of West Fourth and North Travis Sts.

Funds set aside in the 1957-58 city budget will be used to build curb, gutters and sidewalks.

Completion of the project will correct one of the roughest street surfaces in the city.

But many more streetways are in need of repair or surfacing.

Expenditure of funds to repair some present street surfaces merely prolongs the need for major improvements. Without drainage to carry off excess water, these repairs are at best temporary.

The City of Cameron functioned efficiently enough during the past fiscal year to carry a $24,822.24 surplus into this year's budget. Such operating economy is commendable.

Assuming that same efficiency will continue, is it not possible to plan for a comprehensive street and drainage program projected over a period of years?

Funds spent for adequate surfacing and drainage would be money saved. Rain and traffic make short work of patch-work streets.

There is reason to believe that rains of the last six months are the beginning of a new weather cycle. The drouth that parched Central Texas for at least seven years is ended.

It is not a question of building streets for an undetermined future growth. It is a question of providing adequate streets and drainage for Cameron's immediate needs.

Forward-looking groundwork if started now, can save taxpayers countless thousands of dollars later.

Cameronites drive more cars today than ever before. Increased travel on local streets combined with these wash'n wear rains mean greater need for street repair.

We commend to city fathers and all those interested in improved, safer driving conditions a long-range project for street improvement.

THE LITTLE RIVER PHILOSOPHER

Sage, Rest Of World Share
Same Dilema - Short Capital

By J. A.

Dear editar:

I know a lot of people think I'm backward, etiher opposed to progress or unable to achieve any, but I can't be held responsible for other people's ignorance, and would like to point out that in some respects I'm ahead of my time.

For example, I was reading in a newspaper last night which I picked up in Cameron the other day—somebody had dropped it on the street and while I can't go around picking up after other people, I made an exception in this case, for all I knew, the Russians had changed dictators again and I thought I ought to keep posted, although which dictator is dictating in Russia is about as important to me as which tire went flat first when all four are down— as I say ,I was reading in this paper where some of the heavier thinkers in Washington are worried because they've discovered there's a world-wide shortage of capital now afflicting mankind.

They said this is a serious situation and something ought to be done about it.

What this means is that the world has finally caught up with me. I've had a shortage of capital out here on this farm ever since I can remember. If the world is just now reaching that stage, it's been years behind me.

However, I'd like to suggest to the thinkers in Washington that the situation isn't as bad as they imagine.

I mean, a shortage of capital isn't the worst thing on earth, and if it is, a lot of people are sure making the most of a bad situation. Sit down right now and run up in your mind the number of people you know who aren't bothered by a shortage of capital. One of the hardest things on earth to do is to find somebody who isn't a little short on the stuff, whether it's your neighbor or a business man in town or a big corporation. Everybody needs a little more capital.

But the world needn't worry too much about this. I know people who have lived very satisfactory lives and been short of capital 99 per cent of the time. In fact, if Washington is gonna worry because me and the rest of the world are short on capital, it's got an everlasting job.

Yours faithfully,
J. A.

Fire Destroys Hollingsworth Home Wednesday

By Mrs. J. P. Wise

Friends and neighbors of Mr. and Mrs. Elbert Hollingsworth sympathize with them in the loss of their home by fire Wednesday morning. The house and contents were completely destroyed.

Mrs. John Thweatt, who underwent surgery in a Cameron hospital, is now at home. Her daughter, Mrs. H. Armstead of Dallas is here with her.

Mr. Forrest Smith of Houston visited the Roy Newtons last week end.

The Bill Thweatts of Pearland visited friends in Maysfield last weekend.

Mrs. Hazel Peel of Temple visited her mother, Mrs. Mary Ireland, Thursday.

Mrs. Dorothy McKelvey and daughter, Gail, of Dallas visited her sister, Mrs. Dock Thweatt and family, this week.

Mr. and Mrs. Fred Hefti announce the arrival of a son, Jackie James. He has three brothers to welcome him.

Mrs. Kathleen Land of Ft. Worth visited her mother, Mrs. E. D. Kelso Saturday. Mrs. Kelso returned to Ft. Worth with her Sunday for a visit.

Farmers To Vote December 10 On Cotton Acreage

College Station—Farmers in Texas will have 7,474,661 acres available on which to grow their 198 upland cotton crop and producers of extra long staple cotton 27,829 acres.

These state allotments, according to the State Agricultural Stabilization and Conservation Committee, will be apportioned among the counties and the county allotments, to be announced later, among the farms according to the provisions of the law and regulations issued by the Secretary of Agriculture.

The State Committee adds that individual farm allotments will be mailed to cotton producers prior to the December 10 referendum on marketing quotas for the 1958 crops.

In the case of extra long staple cotton, the secretary of agriculture has designated 10 Texas counties as being eligible to receive allotments. They are Brewster, Culberson, El Paso, Hudspeth, Jeff Davis, Loving, Pecos, Presidio, Reeves and Ward.

The state committeemen point out that the December 10 referendums for upland and extra long staple cotton growers, will determine whether or not marketing quotas will be operative for the 1958 crops.

At least two-thirds of those voting in the two referendums must approve the quoats if they are to remain in effect.

Acreage allotments, however, say the committeemen will be in effect regardless of how the votes go. Acreage allotments are a condition of eligibility for price support.

Dr. Evans Draws Optometrist Honor In Cen-Tex Area

The appointment of Gus Evans, Jr., as chairman of the professional division of the Texas Better Vision program for this area was announced by Dr. Nelson Waldman, state chairman.

Dr. Evans' duties will be to develop financial support for the College of Optometry at the University of Houston among the optometrists of the Heart-of-Texas Society area.

The area includes the following counties: Mills, Hamilton, Coryell, Somervell, Bosque, Hill McLennan, Bell, Falls, Limestone, Navarro, and Freestone.

Working with Dr. Evans will be Dr. Cyrus Cathey, optometric recruiting chairman for the area, and Dr. John R. Dobbs, chairman for the Foundation for Education and Research in Vision, a non-profit foundation created to inform the public of the benefits of better vision programs and facilities and to enlist public support.

Maybe no one has ever actually bound your wrists with a rope. But haven't you, at times, felt as if you were literally hand tied? You struggle and strain with your problems and anxieties, and you are completely unable to get free.

Such moments come to everyone, and they are not easy to face. It's simple to be serene when things are going well. But when your hands are tied—when you feel helpless, even hopeless—then you begin to realize life cannot be lived alone.

It's then that you know how important Faith is—how it is something you absolutely must have. With Faith to sustain you, you inevitably begin to see your way out. Without it, you flounder.

Turn to the Church—not just because you are troubled, but because it can give you spiritual freedom.

THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Killeen Defeats Yoemen, 26-6

Breaks, Kangaroo Defense Halt YHS Scoring Drives In Loop Test

fumbles and an alert Kill- turned the tide again- Don Yoemen Friday NATIO a 9-AAA loop con- Cameringaroo Field.

Saturday, ks knifed through Mus ne to outgain Kill- Gaylon (Korr rushing, and the agaroos, led by FB ounced on four fum- intercepted five passes o Yoe scoring drives and gam clinching fourth-qu touchd n.

ook recovered for two TD's in the second half when he blocked a punt, picked it up and ran it to the YHS 1, scoring on the next play.

His second score iced the game as he snatched a screen pass from Cameron's Guy Dillon and raced for the goal 35 yards away. He evaded two Yoe tacklers in his TD sprint, losing his helmet before he broke loose.

Dillon again led Cameron on offense with 98 yards in 22 carries.

Cameron Scores In Fourth

QB Bobby Elliott directed Cameron's touchdown drive early in the fourth quarter, alternating with Rinn and Dillon who scored from the 2. The drive went 28 yards in eight plays.

Four Killeen scores came in the first, third and fourth quarters.

Three Yoemen—Griffin Barrett, James Fontaine and Paul Young—were out with flu while Joe Humplik, YHS guard, was out with an injured hip.

Tackle Sidney Koranek saw limited service due to an injured ankle and Raymond Tepera was playing with an injured knee. Halfback Jesse Kirk also saw limited duty due to a back injury suffered in the Alvin game.

Killeen kicked off to YHS's Warren Rinn who raced back to his 20.

Dillon got 2, then 7 more over left tackle. On his third try he fumbled to Killeen's Cook who recovered on the Cameron 26.

Cook hit left tackle for 4. QB Sid Alexander gained 3, then fumbled on third down to Yoeman Ray Green at the Cameron 16.

Marek dove for 3 followed by an Elliott keeper for 3 more. Marek was held short. Green kicked out to the Yoe 37.

FB Cook crashed for 2. Alexander lost 2 before a third-down pass, Wilson to Love, was ruled complete on pass interference.

At the Cameron 20, Alexander gained 6. Sexton lost 3. Then Alexander stepped through tackle on a draw play and rambled 17 yards for the score. His kick was good. Killeen 7, Cameron 0.

Rinn returned the kickoff to the Cameron 40. He picked up 27 and a first in the next two plays.

Gain To Killeen 5

Marek gained 6, then Dillon 12 over left tackle for a first to Killeen's 15. Dillon dove for 3 more. Rinn skirted left for 1 and Dillon got the first at the Kangaroo 5.

Elliott kept for 3, then Dillon bulled for 1 more. On the next play Killeen's Owens recovered a Dillon fumble in the end zone. The Kangaroos took the ball on their 20.

Cameron forced Killeen to kick on fourth down as the Yoe line held Kangaroo backs to 3 yards. But Rinn bobbled the punt at the Cameron 40 where Edwards recovered for Killeen.

Cook, Sexton and Wells combined for a first to the Cameron 25, but Cameron held the Kangaroos on downs, taking the ball on their 16.

Dillon cracked out 8 yards and Marek got the first on a 6-yarder to his 30. But a stern Killeen line put Cameron in a fourth and one situation, forcing Cameron to kick out.

At the Killeen 7, the Yoe forward wall forced the Kangaroos to kick on fourth after only 2 yards gained.

Redding Intercepts

Killeen's Redding picked off Elliott's first-down pass at his 33, but a 15-yard penalty set the Kangaroos back to their 18.

Alexander and Cook could get only 3 net yards in three plays. Killeen kicked to the Cameron 44.

Kirk and Elliott lost 5. Dillon crashed to regain 5 and Green kicked to the Kangaroo 29.

Killeen's Joe Searles picked up a first on runs of 1 and 14 to his 44. A third-down Sexton-Cook pass was complete for 14 more and first just before the half ended. Killeen 7, Cameron 0.

The Kangaroos took the second-half kickoff to their 45. Cook gained 5, then raced 38 for the longest run of the game. At the Cameron 12, Green again recovered an Alexander fumble to end the threat.

Dillon ripped 11 yards for a first to his 25. But a strong Killeen forward wall limited charges by Marek and Dillon to 5.

Cook Blocks Kick

Green went back to kick on fourth. Cook rushed in, blocked the punt, picked it up and ran to the Yoe 1. He scored on the next play. Alexander's kick was wide. Killeen 13, Cameron 0.

Josey took the Killeen kickoff, returning to his 35.

Cameron roared back for three consecutive first downs spot-lighted by an Elliott-Green pass good for 15, Dillon's 27 yards plunging and an Elliott keeper to the Killeen 9.

With first and goal, Dillon gained 2 befor Rinn was dropped 4 yards back. An Elliott-Rinn pass was incomplete and Killeen's Ford intercepted Elliott's fourth-down pass at the 3.

Three tries by Searles lost 4 yards. Killeen kicked out to their 28.

Rinn gained 13 in two tries and Elliott 6 for a first to the Killeen 15. Rinn went 4 more in two crashes. Elliott got the first around right end to the Killeen 4.

Dillon punted it over two plays later. Josey's kick was blocked by Cook. Killeen 13, Cameron 6.

Killeen Scores in Seven

Killeen came roaring back to score in seven plays. From the Kangaroo 45, Cook gained 3, 3 and 4 before a 15-yard Cameron penalty put Killeen on the Yoe 24. A 15-yard Killeen penalty and a 7-yard loss set the Kangaroos back to second and 32.

But Wells arched a screen pass to Sexton who ran 43 yards behind heavy blocking to score. The kick was wide. Killeen 19, Cameron 6.

The next kickoff went into the end zone. From the 20 Elliott threw one incompletion before a fumble at the Cameron 14 was recovered by Killeen's Vann.

Sexton returned the favor when he fumbled two plays later to Cameron's Smalley.

Sexton Intercepts

Dillon and Elliott led the Yoemen to two first downs to their 35. Then Cook intercepted Elliott's screen pass to Dillon and raced 35 yards to score. Kick was good. Killeen 26, Cameron 6.

Following the kickoff, two long passes by Jesse Kirk went incomplete before Sexton pulled in a third at the Camron 48.

Three tries at the Cameron line netted only 6 yards, Killeen kicking to the Yoe 16.

A pass E lliott to Rinn went incomplete before Wells intercepted the next Elliott aerial at the Cameron 30. Killen's Bowman was thrown for a 5 yard loss by the game ended.

Buckholts To Play Oglesby Tonight

The Buckholts Badgers will play their last District game in District 21B on the home grounds 8 p.m. Thursday when they meet Oglesby.

Statistics point to a toss-up game, but Buckholts has not lost a conference game all season, officials said.

Last week the Badgers won their third district game, defeating the Sharp Mustangs 46-20. Oglesby and Sharp played to a tie 20-20. Oglesby has two wins and a tie. Buckholts has 3 wins.

This game will decide the district winner.

Cold Weather Boosts Outlook For Duck Season

AUSTIN—Cold weather of the past week has put a big push not only behind ducks but hunters, according to the director of Wild life Restoration of the Game and Fish Commission.

The 1957 season on ducks and geese promises to be one of the best in years, according to reports of both biologists and wardens who have been making spot checks. There are more places for lucks this year than ever before, with every pot hole in Texas filled in the spring and refilled by the early fall rains.

The flight from the north has been good. Crop conditions and fresh water along the Texas coast all add up to good prospects.

Hunters also had another warning. The limit on ducks is 5 a day or 10 in possession after the first day. The limit is six geese, with no more than 6 in possession.

If you hunt outside your own county, you need a state license. If you hunt ducks or geese you MUST have a Federal Stamp, costing $2.

All shotguns must be plugged to hold no mort than three shells. The use of a motor or sail boat for hunting is prohibited except in going to and from blinds or picking up cripples.

Blinds are available for hunting at all the major lakes in the state and along the coast.
